Do I need to provide Translations for this or will I be able to update as needed in the Backend Custom CMS site?

Please place in the "Center" of Field

Translation is "¿Tiene alguna instrucción especial para sus órdenes?"

When "COMPLETAR" button is clicked, This should send an email to the customer automatically advising them of the Alert Placed with the order(s) placed. Will I provide the Translations or will I be able to write this Email via the Custom CMS site?
