CUSTOMER INITIAL PAGE.

1. I like the way you placed a new button for the customer to view their alerts **PEDIDOS PENDIENTES"**.

however, can we please have this translated to "MIS

Can we please have additional buttons placed in each section of the customer's page? This will help the customer to navigate while logged in. You already have some of these on the PEDIDOS PENDIENTES Section once you click on the additional buttons as well.

VISTA ALERTA

Sample of what you already have included.

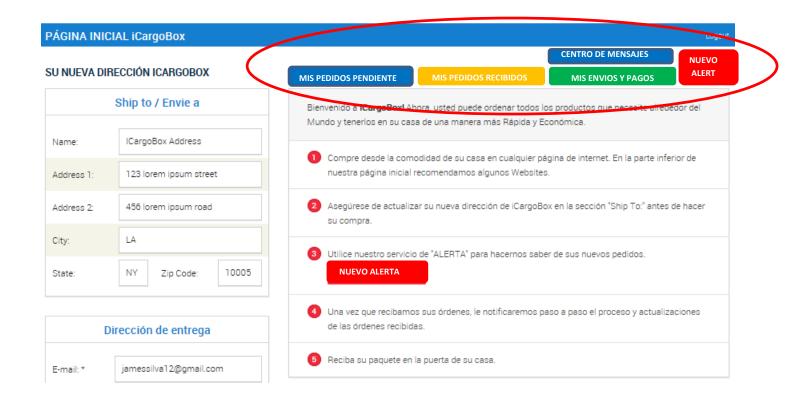

PEDIDOS PENDIENTES		ENVIOS Y PAGOS	CENTRO DE ME	CENTRO DE MENSAJES		NUEVO ALERTA		
Fecha		Descripción	Declaración	Nota	s Es	Estado		
11/21/2014	USED IPHONE 6		\$100.00	\$ 100.00 TESTIN		G 2 Pendiente		
18:05:PM PM								

Can we please include the additional buttons below.

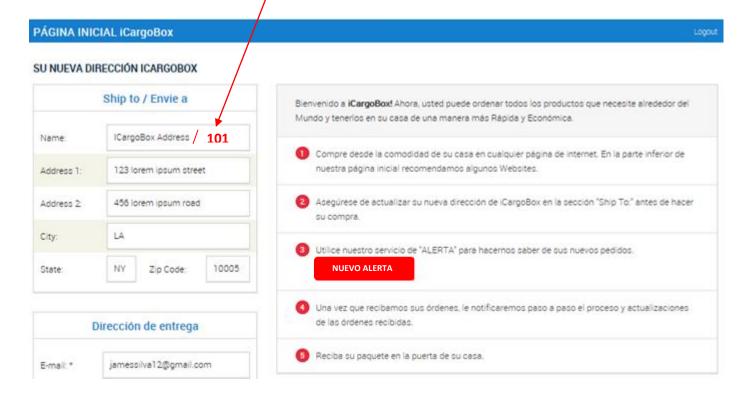

- A. MIS PEDIDOS PENDIENTE On Click, this will take the customer to their Pending Alerts Page.
- B. MIS PEDIDOS RECIBIDOS On Click, this will take the customer to all of their Received Orders page.
- C. MIS ENVIOS Y PAGOS On Click, this will take the customer to the Pagos / Payments and Shipment Page.
- D. CENTRO DE MENSAJES On Click, this will take the customer to the Email/Communication Section
- E. Nuevo On Click, this will take the customer to the place in a New Alert.

If we could possible place the below example of buttons on top of each section. The "Customer Initial Page", The "PEDIDOS PENDIENTES PAGE" (Pending Alerts), The "MIS PEDIDOS RECIBIDOS PAGE" (Received Orders) and The "MIS ENVIOS Y PAGOS PAGE" (Shipments and Payments). This will help the customer to navigate while logged in.

Sample of buttons to include in each customer section

It's very important that we have the Customer's Name followed by Cassillero # for each Customer in this address section. The "Cassillero #" is a unique number used to identify each registered iCargoBox customer. This allows for an iCargoBox admin to easily identify a Package once we receive in our office since some customers may have the same name. An example of this would be JAMES SILVA / 101
